December 3, 1960

Well No. PM-12 is located 990 ft. from N line and 990 ft. from E line of sec. 35

27N (Range) 4N (Meridian)
35 (Sec. and Sec. No.) 27N (Twp.)
South Blanco Pictured Pio Arriba New Mexico
Cliffs and Mesa Verde (County or Subdivision) (State or Territory)

The elevation of the derrick floor above sea level is 6619 ft.

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

This is for the purpose of changing the name of this well from PM-12 to PM-12

We would like to change the prefix to denote the zones this well produces from.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

Company Caulkins Oil Company

Address P. O. Box 780

Harrington, New Mexico
