Gentlemen:

Your letter dated July 26, 1957, directed to our Mr. R. T. German at Midland, Texas, has been passed to this office for further handling.

We wish to advise that we originally filed notice of intention to drill the subject well as a triple completion in the Pictured Cliffs, Mesa Verde, and Gallup zones. To comply with one of your requests in your letter of above mentioned date, please find attached a revised C-128 which we believe will suffice for your records.

We have withheld answering your letter and request insofar as our method or program proposed in equipping this well due to the fact that we experienced some trouble with our casing in the hole. As a result of such trouble with our casing, we have been forced to abandon this well and junk the hole.

Our Midland office is filing necessary forms in connection with such final abandonment as had to be made by our company.

Should any further information be desired in connection with the subject well, we shall be happy to furnish it upon request.

Yours very truly,

W. C. Dougherty
District Superintendent
of Production
