Dear Mr. Carr:

Please docket a case to allow the El Paso Natural Gas Company and all other interested parties to appear and show why the multiple completion order for each of the above listed wells should not be cancelled and each well recompleted as a single-zone well or be plugged and abandoned.

Enclosed for your convenience is a copy of my second notice to repair these wells dated June 18, 1974.

If there are questions, please contact us.

Yours very truly,

A. R. Kendrick  
Engineer, District #3
