

THE APPLICATION OF MAGNOLIA PETROLEUM COMPANY FOR PERMISSION TO EFFECT DUAL COMPLETION OF ITS JICARILLA "G" WELL NO. 2, LOCATED IN THE NE/4 NE/4 SECTION 25, TOWNSHIP 27 NORTH, RANGE 3 WEST, NMPM, RIO ARriba COUNTY, NEW MEXICO, TO PRODUCE GAS FROM AN UNDESIGNATED PICTURED CLIFFS GAS POOL AND GAS FROM THE BLANCO MESAVERDE POOL.

Order No. DC-361

ADMINISTRATIVE ORDER
OF THE OIL CONSERVATION COMMISSION

Under the provisions of Rule 112-A (c) Magnolia Petroleum Company made application to the New Mexico Oil Conservation Commission on October 16, 1957, for permission to dually complete its Jicarilla "G" Well No. 2, located in the NE/4 NE/4 Section 25, Township 27 North, Range 3 West, NMPM, Rio Arriba County, New Mexico, to produce gas from an undesignated Pictured Cliffs Gas Pool and gas from the Blanco Mesaverde Pool.

Now on this 26th day of October, 1957, the Secretary-Director finds:

- (1) That application has been duly filed under the provisions of Sub-section 'c' of Rule 112-A of the Commission's Rules and Regulations;
- (2) That satisfactory information has been provided that all operators of offset acreage have been duly notified; and
- (3) That no objections have been received within the waiting period as prescribed by said rule.
- (4) That the proposed dual completion will not cause waste nor impair correlative rights.
- (5) That the mechanics of the proposed dual completion are feasible and consonant with good conservation practices.

IT IS THEREFORE ORDERED:

That the applicant herein, Magnolia Petroleum Company, be and the same is hereby authorized to dually complete its Jicarilla "G" Well No. 2, located in the NE/4 NE/4 Section 25, Township 27 North, Range 3 West, NMPM, Rio Arriba County, New Mexico, to produce gas from an undesignated Pictured Cliffs Gas Pool and gas from the Blanco Mesaverde Pool, through parallel strings of tubing.

PROVIDED HOWEVER, That subject well shall be completed and thereafter produced in such a manner that there will be no commingling within the well-bore, either within or outside the casing, of gas, oil and gas, or oil produced from either or both of the separate strata,

PROVIDED HOWEVER, That prior to the actual dual completion the operator shall make pressure tests of the casing to prove that no casing leaks exist. In the event a casing leak is apparent the operator shall take appropriate steps to adequately repair the leak. The results of these tests shall be reported to the Commission on Form C-103.

1. The purpose of this document is to provide information regarding the classification of information contained herein. The information contained herein is classified as "Confidential" and is to be controlled in accordance with the provisions of the Executive Order on the subject of the classification of information.

2. The information contained herein is classified as "Confidential" and is to be controlled in accordance with the provisions of the Executive Order on the subject of the classification of information.

3. The information contained herein is classified as "Confidential" and is to be controlled in accordance with the provisions of the Executive Order on the subject of the classification of information.

4. The information contained herein is classified as "Confidential" and is to be controlled in accordance with the provisions of the Executive Order on the subject of the classification of information.

5. The information contained herein is classified as "Confidential" and is to be controlled in accordance with the provisions of the Executive Order on the subject of the classification of information.

6. The information contained herein is classified as "Confidential" and is to be controlled in accordance with the provisions of the Executive Order on the subject of the classification of information.

7. The information contained herein is classified as "Confidential" and is to be controlled in accordance with the provisions of the Executive Order on the subject of the classification of information.

8. The information contained herein is classified as "Confidential" and is to be controlled in accordance with the provisions of the Executive Order on the subject of the classification of information.

9. The information contained herein is classified as "Confidential" and is to be controlled in accordance with the provisions of the Executive Order on the subject of the classification of information.

10. The information contained herein is classified as "Confidential" and is to be controlled in accordance with the provisions of the Executive Order on the subject of the classification of information.

11. The information contained herein is classified as "Confidential" and is to be controlled in accordance with the provisions of the Executive Order on the subject of the classification of information.

12. The information contained herein is classified as "Confidential" and is to be controlled in accordance with the provisions of the Executive Order on the subject of the classification of information.

13. The information contained herein is classified as "Confidential" and is to be controlled in accordance with the provisions of the Executive Order on the subject of the classification of information.

PROVIDED FURTHER, That upon the actual dual completion of such subject well applicant shall submit to the appropriate District Office of the Commission copies of Oil Conservation Commission Form C-103, Form C-104, Form C-110, and Form C-122, outlining the information required on those forms by existing Rules and Regulations, and two copies of the electric log of the well.

PROVIDED FURTHER, That said subject well for dual completion and production shall be equipped in such a way that reservoir pressures may be determined separately for each of the two specified strata, and further, be equipped with all necessary connections required to permit recording meters to be installed and used at any time as may be required by the Commission or its representatives, in order that natural gas, oil, or oil and gas from each separate stratum may be accurately measured and the gas-oil or gas-liquid ratio thereof determined, and

PROVIDED FURTHER, That the operator shall make any and all tests, including segregation and packer-leakage tests upon completion and annually thereafter during the deliverability Test Period for the Blanco Mesaverde Pool, commencing in the year 1958, and whenever the packer is disturbed, but not excluding any other tests and/or determinations as deemed necessary by the Commission; the original and all subsequent tests shall be witnessed by representatives of offset operators if any there be at their election, and the results of each test, properly attested to by the applicant herein and all witnesses, shall be filed with the Commission within fifteen (15) days after the completion of such tests, and further, that applicant shall file with the Commission in duplicate a packer-setting affidavit, which affidavit shall be due within fifteen (15) days of the dual completion or whenever the packer is disturbed, and

PROVIDED FURTHER, That upon the actual dual completion of such subject well, applicant shall submit to the Commission a diagrammatic sketch of the mechanical installation which was actually used to complete and produce the seal between the strata, and a special report of production, gas-oil ratio or gas-liquid ratio, and reservoir pressure determination for each producing zone or stratum immediately following completion.

IT IS FURTHER ORDERED, That jurisdiction of this cause is hereby retained by the Commission for such further order or orders as may seem necessary or convenient for the prevention of waste and/or protection of correlative rights; upon failure of applicant to comply with any requirement of this order after proper notice and hearing the Commission may terminate the authority hereby granted and require applicant or its successors and assigns to limit its activities to regular single-zone production in the interests of conservation.

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.

STATE OF NEW MEXICO
OIL CONSERVATION COMMISSION

A. L. PORTER, Jr.,
Secretary-Director

S E A L

1. The first of the two main parts of the report, the "Introduction", is a general statement of the purpose and scope of the study. It is a brief summary of the main findings of the study, and it is the only part of the report that is read by the majority of the audience.

1. The first of these is the fact that the

1. The first step in the process of the investigation is the identification of the problem. This is done by the investigator who is responsible for the investigation. The investigator must identify the problem and the scope of the investigation. The investigator must also identify the objectives of the investigation and the methods to be used. The investigator must also identify the resources available for the investigation.

1. The first of these is the fact that the Commission has not yet received any information from the Government of the United Kingdom regarding the proposed changes to the law of the United Kingdom in relation to the treatment of the British Commonwealth countries. This is a matter of great importance to the Commission and it is therefore requested that the Government of the United Kingdom should provide the Commission with the necessary information as soon as possible.

1. The Commission has received information from the
2. Ministry of the Interior, Department of the Police,
3. that the following persons have been arrested in
4. connection with the above mentioned case:
