proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones perti-  
nent to this work.)\*

Union assumed operation of this well from El Paso Natural Gas Company  
in May of 1986. Given the low current gas price, operation of this well  
is not economically justified, and Union's consent was given to El Paso  
to blind flange the meter run. Union requests a temporary one year  
shut-in status for this well.
