Re: Administrative Approval of Dual
Wells - Rule 112-A Revised

Gentlemen:

We are making application to the New Mexico Oil Conservation Commission for Administrative Approval to dually complete our Jicarilla "F" Well #5. The subject well is located 990' FSL and 990' FWL of Sec. 23, T-27N, R-3W, Rio Arriba County, New Mexico.

As offset operator to the south and northwest of this lease and in accordance with Order No. R-1213, Rule 112-A, Revised, please find enclosed Application to Complete, lease plat, and proposed schematic diagram for completion for the above mentioned well.

Yours very truly,
