## DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudlogging jobs, cementing points, and all other important proposed work)

Propose to complete the above well as a single gas well in the Mesa Verde zone. Original intentions were to complete this well in the Pictured Cliffs and Mesa Verde zones. The Pictured Cliffs zone does not appear productive enough to warrant completion.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.
