17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Union assumed operation of this well from El Paso Natural Gas Company in May of 1986. Given the low current gas price, operation of this well is not economically justified, and Union's consent was given to El Paso to blind flange the meter run. Union requests a temporary one year shut-in status for this well.
