Gentlemen:

We have received ten copies of Form C-128 on the Mesaverde and Pictured Cliffs zones of your Jicarilla "E" well in Section 15-27N-3W, Rio Arriba County. These forms will be distributed as is customary with this form since they contain more information than the plats we already had on file for this well.

But please be advised that Memo. No. 15-57 issued by Santa Fe on the filing of Form C-128 is not intended to apply to anything but new wells and is not to be interpreted to mean that the new form should be filed on wells completed prior to June 1, 1957.

Yours very truly
