Mr. James W. Copeland
P.O. Box 818
Farmington, New Mexico

Dear Jim:

We have approved Notice of Intention to Drill for the Ralph A. Johnston #21 Rincon Unit in the SW/4 Sec. 16-27N-6W; however we are holding all copies until we receive from you information as to which half-section you designating as drilling unit.

This should be done on all Mesaverde wells where a 320-acre tract is required.

Yours very truly,

Emery C. Arnold
Oil & Gas Inspector
District #3
