13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Please note that the subject well was part of a sales package sold to Conoco Incin 1995. Evidently this well was inadvertently left off of the listing of wells submitted to your office for transfer of ownership. Please update your records to reflect to reflect Conoco as the current operator of record. Additionally, both the NMOCD and MMS records indicates Conoco as the operator of this well.

Thank you,
Mary Corley
