

EL PASO NATURAL GAS COMPANY

EL PASO, TEXAS

August 16, 1955

Mr. W. B. Macey, Secretary and Director
Oil Conservation Commission
Box 871
Santa Fe, New Mexico

Dear Mr. Macey:

This is to request the approval of an unorthodox location in the Blanco-Mesa Verde Field, Rio Arriba County, New Mexico. This well, the San Juan 28-7 Unit #4 is to be located 660 feet from the North line and 765 feet from the East line of Section 2, T27N, R7W, N.M.P.M., Rio Arriba County, New Mexico.

The NE/4 of this section is cut by Carrizo wash and high banks of the wash. This condition makes an orthodox location unduly expensive.

El Paso Natural Gas Company is the operator of the San Juan 28-7 Unit which completely surrounds this location; therefore, no other operators will be notified.

I am enclosing two copies of certified well location plats sketching the terrain conditions and two copies of the Intention to Drill.

Thank you for your consideration of this matter.

Yours very truly,

E. J. Coal
Senior Petroleum Engineer
