Lease No. SF-079367  
NENE 30-27N-5W  
Rio Arriba County, NM

A

Dear Mrs Cole:

Reference is made to your application requesting authorization to down hole commingle gas and associated liquid hydrocarbons from the Mesaverde and Dakota formations in the above referenced well. After reviewing your application and the well completion information you supplied, we concur with using the following fixed allocation factors:

<u>Formation</u>	<u>Gas</u>	<u>Oil</u>
Mesaverde	89%	50%
<i>DAK</i> <del>Pictured Cliffs</del>	11%	50%

Commingled production from each zone must be reported in accordance with these established allocation factors. The effective date of commingling will be the date commingling first occurs.

If you have any questions regarding the above, contact Jim Lovato at (505) 599-6367.

Sincerely,

*Chip Harraden*

Chip Harraden
