

# INSTRUCTIONS

designed for submitting a complete and correct well completion report and log on all types of lands and leases to either a Federal agency or a State agency, applicable Federal and/or State laws and regulations. Any necessary special instructions concerning the use of this form and the number of copies to be submitted with regard to local, area, or regional procedures and practices, either are shown below or will be issued by, or may be obtained from, the local Federal agency. Instructions on items 22 and 24, and 33, below regarding separate reports for separate completions. The time this summary record is submitted, copies of all currently available logs (drillers, geologists, sample and core analysis, all types electric, etc.), formations, and directional surveys, should be attached hereto, to the extent required by applicable Federal and/or State laws and regulations. All attachments to this form, see item 35.

to applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements. Consult local State specific instructions.

each elevation is used as reference (where not otherwise shown) for depth measurements given in other spaces on this form and in any attachments. This well is completed for separate production from more than one interval zone (multiple completion), so state in item 22, and in item 24 show the producing top(s), bottom(s) and name(s) (if any) for only the interval reported in item 33. Submit a separate report (page) on this form, adequately identified, interval to be separately produced, showing the additional data pertinent to such interval.

interval": Attached supplemental records for this well should show the details of any multiple stage cementing and the location of the cementing tool. Separate completion report on this form for each interval to be separately produced. (See instruction for items 22 and 24 above.)

US ZONES:  
STANT ZONES OF POROSITY AND CONTENTS THEREOF; CORED INTERVALS; AND ALL DRILL-STEM TESTS, INCLUDING TESTED, CUSHION CASED, TIME TOOL OPEN, FLOWING AND SHUT-IN PRESSURES, AND RECOVERIES
