Gentlemen:

Returned herewith unapproved is Sundry Notice dated June 27, 1979, for your Well No. 6 Apache JVA, located in the NE $\frac{1}{4}$ SW $\frac{1}{4}$  sec. 16, T. 27 N., R. 2 W., JNM, Rio Arriba County, New Mexico, in the Jicarilla Apache - Palmer Joint Venture area.

By letter July 6, 1979, the New Mexico Oil Conservation Division denied your proposal to set an open hole packer and produce this well. This office is in agreement with the New Mexico Oil Conservation Division. Additionally, we are concerned that the wellbore can fill, sticking the open hole packer in the well and possibly preventing casing the well at a later date.

Please submit another proposal for casing and completing this well.

Sincerely yours,

(Orig. Sgd.) C. A. BARRICK
