(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Well is currently being tested in zones which were opened to the wellbore earlier. While rig is on location, would like to proceed with perforating and testing of the Niobrara A and B zones as filed by Sundry Notice dated September 1, 1992. That proposal to test the Niobrara A and B zones was approved September 3, 1992 but was given a time limit of March 1, 1993. We hereby renew our request for approval to test the A and B zones.
