> RE: San Juan 27-4 Unit #122 1470'FSL, 1850'FEL Section 02, T-27-N, R-04-W Rio Arriba, New Mexico

Dear Mr. LeMay:

This is a request for administrative approval for a non-standard gas well location in the Basin Fruitland Pool.

Meridian Oil intends to plugback and recomplete the San Juan 27-4 Unit #122 well from the Pictured Cliffs pool to the Basin Fruitland Coal Pool. The current location of this well is 1470'FSL, 1850'FEL, Section 02, T-27-N, R-04-W, Rio Arriba, New Mexico. The well is considered non-standard due to the NE-SW dedicated pattern established for the Basin Fruitland Coal Pool. To comply with the New Mexico Oil Conservation Division rules, Meridian is submitting the following for your approval of this non-standard location:

- 1. C-102 plat showing location of the well;
- Plat showing offset owners/operators;

Madried

- 3. Affadavit of notification of offset owners/operators;
- 4. Copy of Well Completion Log for original completion.

A copy of this application is being submitted to all offset owners/operators by certified mail with a request that they furnish your Santa Fe office with a Waiver of Objection, and return one copy to this office.

Sincerely yours,

Peggy Bradfield

Amoco Production
