El Vado #2, I-11-27N-01E

Dear Bob:

The referenced wells were drilled in 1986 to a depth of about 1600 feet. They were drilled without a permit and no subsequent reports were filed. Five thousand dollars, \$5,000, cash bonds are held with First National Bank of Albuquerque.

Please docket a case calling for A. L. Dawsey and all other interested parties to appear and show cause why the El Vado #1, located 610 feet from the south line and 2000 feet from the west line of Section 11, Township 27 North, Range 1 East and the El Vado #2, located 1770 feet from the south line and 970 feet from the east line of Section 11, Township 27 North, Range 1 East, should not be plugged and abandoned in accordance with a division approved plugging program.

Yours truly,
