RE: Rincon Unit 133E, D 14-27N-07, API 30-039-25187

To Whom It May Concern:

The 1999 Packer Leakage Test on the referenced well indicates there is communication between the producible zones. In order to comply with Rule #112A, you are hereby directed to initiate remedial activity and retest the well to show separation of the zones prior to January 15, 2000.

Please notify the Aztec OCD in time to witness the retest.

Feel free to call me at 334-6178, ext. 16, if I can be of any help.

Sincerely,

A handwritten signature in cursive script that reads "Charlie T. Perrin".

Charlie T. Perrin
Deputy O&G Inspector
