13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

It is intended to add Lewis pay to the existing Mesaverde formation of the subject well by placing a cast iron bridge plug above the existing perforations. The well will then be perforated, stimulated and cleaned out to the plug back total depth. The well will then be down hole commingled. A down hole commingling application will be submitted.

14. I hereby certify that the foregoing is true and correct.
