Denver, Colorado

Attn: Mr. Claude E. Feavy, Division Superintendent

Dear Sir:

On April 30, 1956 Notice of Intention to Drill was filed with this office for Phillips Petroleum Company #2 Hespah "A" in Section 36-26N-13W.

The Notice of Intention was approved the same day; however we failed to notice that the Notice of Intention to Drill indicates that this well is located 660 feet from the South line and 1980 feet from the East line of Section 36 which would place the well in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 36. The surveyor's plat indicates that the well is located 1980 feet from the West line and 660 feet from the South line, which would place it in the SE $\frac{1}{4}$ SW $\frac{1}{4}$.

Will you please re-submit Form C-101 in sextuplicate giving the correct location. If the well is located as shown by the surveyor's plat it will not be necessary to re-submit surveyor's plats.

Yours very truly

Emery C. Arnold
Supervisor, District #3
