ate names of and expected depths to objective sands; showing points, and	w sizes, weights, and lengths of proposed casings; indicate mudding jobs, cemen all other important proposed work)
ate names of and expected depths to objective sands; showing points, and	w sizes, weights, and lengths of proposed casings; indicate mudding jobs, cemen all other important proposed work)
It is proposed to result in journe well in i	w sizes, weights, and lengths of proposed casings; indicate mudding jobs, cemen all other important proposed work)
It is proposed to rule and specied depths to objective sands; showing points, and in grope sed to rule as a gas injection well in this well was formerly known	weizes, weights, and lengths of proposed casings; indicate mudding jobs, comen all other important proposed work) 1080 Clais well CFU GI No. 1 for including Contral Bisti Lower Gallup Sand U
It is proposed to rule and special depths to objective sands; showing points, and in general to rule and special and the second	weizes, weights, and lengths of proposed casings; indicate mudding jobs, comen all other important proposed work) 1080 Clais well CFU GI No. 1 for including Contral Bisti Lower Gallup Sand U
It is proposed to rule and spected depths to objective sands; showing points, and in general to rule as a general injection well in this well was formerly known	weizes, weights, and lengths of proposed casings; indicate mudding jobs, comen all other important proposed work) 1080 Clais well CFU GI No. 1 for including Contral Bisti Lower Gallup Sand U
It is proposed to rule and special depths to objective sands; showing points, and in general to rule and special and the second	weizes, weights, and lengths of proposed casings; indicate mudding jobs, comen all other important proposed work) 1080 Clais well CFU GI No. 1 for including Contral Bisti Lower Gallup Sand U
It is proposed to rule and special depths to objective sands; showing points, and in general to rule and special and the second	weizes, weights, and lengths of proposed casings; indicate mudding jobs, comen all other important proposed work) 1080 Clais well CFU GI No. 1 for including Contral Bisti Lower Gallup Sand U
It is proposed to rule and special depths to objective sands; showing points, and in general to rule and special and the second	weizes, weights, and lengths of proposed casings; indicate mudding jobs, comen all other important proposed work) 1080 Clais well CFU GI No. 1 for including Contral Bisti Lower Gallup Sand U
It is proposed to rule and special depths to objective sands; showing points, and in general to rule and special and the second	weizes, weights, and lengths of proposed casings; indicate mudding jobs, comen all other important proposed work) 1080 Clais well CFU GI No. 1 for including Contral Bisti Lower Gallup Sand U
It is proposed to rule and special depths to objective sands; showing points, and in general to rule and special and the second	weizes, weights, and lengths of proposed casings; indicate mudding jobs, comen all other important proposed work) 1080 Clais well CFU GI No. 1 for including Contral Bisti Lower Gallup Sand U
It is proposed to rus a gan injection well in it. It is proposed to rus a gan injection well in it. This well was formerly known tenion well in it.	weizes, weights, and lengths of proposed casings; indicate mudding jobs, comen all other important proposed work) 1080 Clais well CFU GI No. 1 for including Contral Bisti Lower Gallup Sand U
It is proposed to restance well in the proposed to restance well was formerly known and receive approve	w sizes, weights, and lengths of proposed casings; indicate mudding jobs, comen all other important proposed work) 1080 this well CFS FI No. 1 for including jobs, comen the Contral Bisti Lower Gallup Sand United Surrey Mid-Continent - New all in writing by the Geological Survey before operations may be commenced.
It is proposed to research well in the second to research well in the second to reliable well was formerly known that the second well and the second well are second well as a gas injection well in the second well was formerly known that we seem to be seen as a second well well are second well as a second well a	w sizes, weights, and lengths of proposed casings; indicate mudding jobs, comen all other important proposed work) 1080 this well CEU II No. 1 for including jobs, comen the Contral Bisti Lower Gallup Sand Units Contral Bisti Lower Gallup Sand Units Surray Mid-Continent - New all in writing by the Geological Survey before operations may be commenced.
It is proposed to research well in the proposed to research well in the second well in the second well in the second well was formerly known that the second well well well well well well well wel	w sizes, weights, and lengths of proposed casings; indicate mudding jobs, comen all other important proposed work) 10300 this well CFU GI No. 1 for including jobs, comen all other important proposed work) 10300 this well CFU GI No. 1 for including jobs, comen all other important proposed work) 10300 this well CFU GI No. 1 for including jobs, comen all other important proposed work) 10300 this well CFU GI No. 1 for including jobs, comen all other important proposed work) 10300 this well CFU GI No. 1 for including jobs, comen all other important proposed work) 10300 this well CFU GI No. 1 for including jobs, comen all other important proposed work) 10300 this well CFU GI No. 1 for including jobs, comen all other important proposed work) 10300 this well CFU GI No. 1 for including jobs, comen all other important proposed work)
It is proposed to reason well in it is proposed to research well in it is well was formerly known leaves rederal "C" No.7. I understand that this plan of work must receive approve ompany - MINIGHT FIG. Continuations of the continuation of the co	w sizes, weights, and lengths of proposed casings; indicate mudding jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well ceuter proposed work) 10800 this well ceuter proposed work
It is proposed to research well in the proposed to research well in the second well in the second well in the second well was formerly known that the second well well well well well well well wel	w sizes, weights, and lengths of proposed casings; indicate mudding jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well CEU GI No. 1 for including jobs, comen all other important proposed work) 10800 this well ceuter proposed work) 10800 this well ceuter proposed work
It is proposed to research and and ing points, and it is proposed to research and its search and its wall was formerly known factor receives approve the proposed and the plan of work must receive approve the proposed and the plan of work must receive approve the proposed and the plan of work must receive approve the proposed and the plan of work must receive approve the proposed and the plan of work must receive approve the proposed and the plan of work must receive approve the proposed and the plan of work must receive approve the proposed and the plan of work must receive approve the proposed and the plan of work must receive approve the plan of the plan of work must receive approve the plan of the	w sizes, weights, and lengths of proposed casings; indicate mudding jobs, comen all other important proposed work) 10300 this well CFU GI No. 1 for including jobs, comen all other important proposed work) 10300 this well CFU GI No. 1 for including jobs, comen all other important proposed work) 10300 this well CFU GI No. 1 for including jobs, comen all other important proposed work) 10300 this well CFU GI No. 1 for including jobs, comen all other important proposed work) 10300 this well CFU GI No. 1 for including jobs, comen all other important proposed work) 10300 this well CFU GI No. 1 for including jobs, comen all other important proposed work) 10300 this well CFU GI No. 1 for including jobs, comen all other important proposed work) 10300 this well CFU GI No. 1 for including jobs, comen all other important proposed work) 10300 this well CFU GI No. 1 for including jobs, comen all other important proposed work) 10300 this well CFU GI No. 1 for including jobs, comen all other important proposed work)
It is proposed to raise and expected depths to objective sands; showing points, and ing points, and it is proposed to raise a gan importion well in it. This well was formerly known feation receive approve ompany while of the continuation of the	w sizes, weights, and lengths of proposed casings; indicate mudding jobs, cemen all other important proposed work) 10800 this well CHU GI No. 1 for including jobs, cemen the Contral Bisti Lower Gallup Sarki U as the Sunray Hid-Continent - New alin writing by the Geological Survey before operations may be commenced.
