Instructions

General: This form is designed for submitting proposals to perform certain well operations, and reports of such operations when completed, as indicated, on Federal and Indian lands pursuant to applicable Federal law and regulations, and, if approved, are accepted by any State, on all lands in such State, pursuant to applicable State law and regulations. Any necessary special instructions concerning the use of this form and the number of copies to be submitted, particularly with regard to local, area, or regional procedures and practices, either are shown below or will be obtained by or may be obtained from the local, Federal, and/or State office.

Item 4: If there are no applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements. Consult local State or Federal office for specific instructions.

Item 7: Proposals to abandon a well and subsequent reports of abandonment should include reasons for the abandonment, data on the former or present productive zones, or other zones with present significant fluid contents not sealed off by cement or otherwise. Details (top and bottom) and method of plugging (amount, size, method of parting of any casing, liner or tubing pulled and the depth in top of any left in the hole; method of closing top of well; and date well site conditioned for final inspection looking to approval of the abandonment.
