*See Instructions on Reverse Side

Instructions

General: This form is designed for submitting proposals to perform operations on well operations, and reports of such operations when completed, as indicated, on Federal and Indian lands pursuant to applicable Federal law and regulations, and, if approved or accepted by any State, pursuant to applicable State law and regulations. Any necessary special instructions concerning the use of this form and the number of copies to be submitted, particularly with regard to local, area, or regional procedures and practices, either are shown below or may be issued by the Federal or State office.

Item 4: If there are no applicable Federal or State requirements, locations on Federal or State land for specific instructions.

Item 17: Proposals to abandon a well and subsequent reports of abandonment should include reasons for the abandonment; data on the formation present producing zones or other zones with present significant fluid contents not sealed off by cement or otherwise; depths (top and bottom) and method of abandonment; amount, size, method of parting of any casing, liner or tubing used and the date of abandonment; and the date of abandonment.
