Bisti Lower Gallup Pool

Dear Mr. Chavez:

During our efforts to complete the paper chain necessary to reflect the change of operatorship of the West Bisti Unit from Chevron U.S.A., Inc. to Dugan Production Corp., effective November 1, 1989, a question has arisen as to whether or not the subject well is active or plugged and abandoned.

Attached for your review and file is a copy of a sundry notice dated January 7, 1985 submitted by Gulf Oil Corp. which reflects the abandonment of the West Bisti Unit Well No. 139. This sundry was approved by the BLM on January 11, 1985. In addition, I am attaching a copy of a letter from the BLM dated July 3, 1986 wherein the subject well was approved for final abandonment.

To confirm that the subject well is, in fact, abandoned, we have verified the existence of a dry hole marker at the location for the West Bisti Unit #139.

Should you have any questions or need additional information, please feel free to contact me.

Sincerely,

*John D. Roe*
