Re: Request for Approval of
Unorthodox Location

Gentlemen:

Benson-Montin-Greer Drilling Corp. proposes to drill a Pictured Cliffs well in the northeast quarter of Section 25, Township 26 North, Range 8 West, San Juan County. As shown on the attached plat prepared by San Juan Engineering Company, it is necessary because of terrain to drill this well at an unorthodox location.

We hereby request your approval of a location 2230' from the north line and 1660' from the east line of Section 25. This location is unorthodox because it is only 410' from the quarter section line. The location crowds the southeast quarter of Section 25. The oil and gas lease operating rights under the southeast quarter of Section 25 are owned by Benson-Montin-Greer Drilling Corp., and this letter constitutes our approval of the requested unorthodox location.

Yours very truly,

BENSON-MONTIN-GREER DRILLING CORP.
