17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

A sundry notice dated 4-27-89 requested a six month variance to continue producing with a suspected casing leak. The sundry was approved by the BLM with the stipulation that on 11-1-89, Chevron would submit plans to repair or plug & abandon this well.

Effective 11-1-89, Chevron U.S.A., Inc. transferred operatorship of this unit to Dugan Production Corp. having completed arrangements for the sale of Chevron U.S.A.'s interest to Dugan Production. The necessary paper work to designate Dugan Production as successor operator is circulating for West Bisti Unit working interest owner's approval and will be forwarded to the BLM upon execution by all the working interest owners. In the interim, Dugan Production is acting as agent for Chevron, U.S.A. as unit operator.

It is respectfully requested that the BLM extend approval to continue producing this well until Dugan Production can formulate remedial plans.

THIS APPROVAL EXTENDS TO 11-1-1990
