Re: Southwest Production Company  
Bond Federal #1, N-13-26N-8W

Dear Mr. Crum:

The annual packer leakage test for the above captioned well dated July 22, 1965 does not prove zone separation.

Please cause the well to be retested as to pre-flow shut-in and flow test No. 1. We shall attempt to provide a witness for the pressure measurements.

If questions arise, please contact us.

Yours very truly

A. R. Kendrick  
Engineer, District #3
