RE: CASE NO. 6050
ORDER NO. R-5554

Dear Sir:

In regard to the above mentioned case and order, this is to advise that I have been unable to get any one to plug this well - every one is too busy working for the big operators who will not release them.

A contractor, Mr. Larry Bedford, had promised he would do it before Jan 1st, but when I checked with him yesterday he said he has been unable to get time to take care of it, but would do so when he could. He would not commit himself as to when, but stated it probably would be at least ninety days or more, therefore I would like the Commission to grant me a six month extension and if I cant get someone to do the job, I will consent to allowing the Commission to plug it.

I am sure you are all aware of the problem of getting anyone to do such a trivial job.

Sincerely yours,,

J. Felix Hickman
