New Mexico Oil Conservation  
Commission  
Mabry Hall  
Santa Fe, New Mexico

Gentlemen:

Packer Leakage Test,  
State J-1, San Juan  
County, New Mexico

This is to advise you that Monsanto Chemical Company will begin the initial packer leakage test on their State "J" Well #1, located in Unit D, Section 16-26N-11W, San Juan County, New Mexico on December 15, 1958. This well is an oil-gas dual and is completed in the Gallup and Dakota Formations, respectively.

This packer leakage test will be conducted in accordance with the instructions on the back side of the "Northwest New Mexico Packer Leakage Test" Form, revised 11-1-58.

Yours very truly,
