Attention: Mr. Emery C. Arnold

Gentlemen:

We thank you for your letter dated February 26, 1960, advising that no gas connection notice had been filed on the above lease. Please be advised that the well is shut-in because of its un-economic status. We do not contemplate a gas connection.

Your letter was addressed to our Midland, Texas office. We wish to advise that on October 1, 1959, Monsanto's Midland office was relieved of the supervision of its properties under the Commission's District No. 3; and the properties were placed under the supervision of this office. It will be very much appreciated if you will cause your records to be changed to reflect this change in mailing address.

Very truly yours,

LION OIL COMPANY
