Denver, Co. 80222

Re: State Com J #1 D-16-26N-11W

Dear Mr. Scholl:

Even though the above referenced well is disconnected, temporarily abandoned and apparently dead, a packer test still must be submitted annually. If both sides show zero pressure, just show zero in each column of flow test #1 and state that the well is dead under remarks.

Very truly yours,

A handwritten signature in cursive script that reads "Charles Gholson".
