13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximated duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the final site is ready for final inspection.)

CTOC request continuation of shut in status for 1 year. CTOC request the continuation to evaluate plugging back to the Fruitland Coal based upon the results of the O.H. Randel #7E plug back to FC. The O.H. Randel #7E is in the process of being completed in the FC. A workover of the existing formations and downhole commingling is also being evaluated.
