Gentlemen:

Gulf's Western-Federal No. 2  
NW SE Section 7-26N-11W  
San Juan County, New Mexico

On June 5, 1957, Gulf purchased 285 barrels of crude oil, gravity 37 degrees, from British-American for the purpose of sand-oil fracturing the above well. All load oil was recovered from Western-Federal No. 2 on June 14, 1957, and we propose to sell the load oil to El Paso Natural Gas Products Company, the regular purchaser of Western-Federal lease oil production.

Very truly yours,

S. H. Letteer
