13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Due to rig unavailability, Edwards Energy Corporation was unable to schedule the mechanical integrity test for this well as quickly as it had hoped. We are told a rig will be available the week of October 18th or 25th, 1999. The BLM will be notified by Walsh Engineering and Production Corp. when the test is scheduled and the results will be filed by Sundry Notice when the test is complete.
