February 4, 1958

Well No. 13-A is located 1090 ft. from N line and 1550 ft. from E line of sec. 8

SE Sec. 8 (1/4 Sec. and Sec. No.)  
27N (Twp.)  
SW (Range)  
N.M.P.M. (Meridian)  
Huasco NW Ext. (Field)  
San Juan (County or Subdivision)  
New Mexico (State or Territory)

**RECEIVED**  
FEB 6 1958  
OIL CON. COM.  
DIST. 3

The elevation of the derrick floor above sea level is 6739 ft.

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

It is intended to drill a well with rotary tools thru the Mesa Verde formation. Mud circulation will be used thru the Pictured Cliffs and set intermediate casing. Gas circulation will be used thru the Mesa Verde and production liner will be set. Possible productive intervals will be perforated and fractured. Estimated Total Depth 5305'.

Casing Program:

- 10 3/4" at 170' with 150 sacks cement circulated to the surface.
- 7 5/8" at 430' with 250 sacks cement.
- 5 1/2" liner at 5305' with 110 sacks cement.

The E/2 of Section 8 is dedicated to this well.

E/2: SF 079319

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that proper record-keeping is essential for ensuring transparency and accountability in financial operations. This section also highlights the role of internal controls in preventing fraud and errors.

2. The second part of the document focuses on the implementation of robust risk management strategies. It outlines various risk assessment techniques and provides guidance on how to identify, measure, and mitigate potential risks. The text stresses the need for a proactive approach to risk management to protect the organization's assets and reputation.

3. The third part of the document addresses the importance of effective communication and reporting. It discusses the need for clear and concise communication channels and the role of regular reporting in providing stakeholders with timely and accurate information. This section also touches upon the importance of maintaining confidentiality and data security.

4. The fourth part of the document discusses the role of technology in modern business operations. It explores how digital tools and automation can streamline processes, improve efficiency, and reduce costs. The text also mentions the challenges associated with technology adoption and the need for ongoing training and support.

5. The fifth part of the document discusses the importance of ethical considerations in business decision-making. It outlines the principles of corporate governance and provides guidance on how to navigate complex ethical dilemmas. The text emphasizes the long-term benefits of ethical behavior and the importance of leading by example.

6. The sixth part of the document discusses the importance of continuous improvement and innovation. It outlines various methods for monitoring performance and identifying areas for improvement. The text also discusses the role of innovation in driving growth and staying competitive in a rapidly changing market.

7. The seventh part of the document discusses the importance of building a strong organizational culture. It outlines the key elements of a positive culture and provides guidance on how to foster a sense of belonging and commitment among employees. The text also discusses the role of leadership in shaping and maintaining a strong culture.

8. The eighth part of the document discusses the importance of sustainability and social responsibility. It outlines the various ways in which a company can contribute to society and the environment. The text emphasizes the long-term benefits of sustainable practices and the importance of being a responsible corporate citizen.

9. The ninth part of the document discusses the importance of legal and regulatory compliance. It outlines the various laws and regulations that apply to businesses and provides guidance on how to ensure compliance. The text also discusses the consequences of non-compliance and the importance of staying up-to-date on legal developments.

10. The tenth part of the document discusses the importance of financial planning and budgeting. It outlines the various steps involved in creating a budget and provides guidance on how to monitor and adjust it as needed. The text also discusses the role of financial planning in achieving the organization's long-term goals.
