Great Lakes Natural Gas Corporation
417 South Hill Street
Suite 465
Los Angeles 13, California

Attn: Mr. John R. Atkins, Secretary and Treasurer

Dear Sir:

On about November 15, 1962 a notice was mailed to your company indicating that a 1962 deliverability test had not been filed for your #1 Graham well located in Unit A, Section 4-27N-8W. We have had no response to that inquiry.

As all wells changed to 1962 deliverabilities, for allowable purposes, on February 1, 1963, this well has now been classified as delinquent and has received no allowable since February 1. I am again notifying you of this fact in order that you may avoid the loss of any additional allowable. You should immediately contact El Paso Natural Gas Company and schedule the well for a deliverability test at the earliest possible date and submit the test to this office.

If you have any questions in this regard please contact this office.

Yours very truly

Emery C. Arnold
Supervisor, Dist. #3
