Re: El Paso Natural Gas Company
San Juan 28-7 Unit #96, G-8-27N-7W

Dear Mr. Wood:

The attached temperature survey of the subject well, taken after the installation of the plug choke below the packer in the tubing, will serve in lieu of the annual packer-leakage test.

Similar surveys may be conducted for future packer-leakage tests.

If there are questions, please contact us.

Yours very truly,
