NOTICE OF INTENTION TO ABANDON WELL			

(INDICATE ABOVE BY CHECK MARK NATURE OF REPORT, NOTICE, OR OTHER DATA)

Well No. 1 / Wilson is located 1750 ft. from SW line and 1750 ft. from E line of sec. 23  
SE 1/4 Sec. 23 T-26-N R-8-W N.M.P.M.  
(1/4 Sec. and Sec. No.) (Twp.) (Range) (Meridian)  
Wildcat San Juan County New Mexico  
(Field) (County or Subdivision) (State or Territory)

The elevation of the derrick floor above sea level is \_\_\_\_\_ ft. **To be furnished**

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

Objective sand is the Pictured Cliffs expected at about 2100'  
Casing program: 90' 8-5/8" cemented to surface  
2100' 5-1/2" cemented with 100 sacks

Rotary tools will be used to T. D. Cable tools to be used in sand-oil treating and cleaning out.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced

Company SOUTHERN UNION GAS COMPANY  
Address 1001 Bart Building  
Dallas, Texas

By A. M. Wiederkehr  
Title Manager Exploration Dept.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and the role of the accounting department in ensuring the integrity of the financial statements. It also highlights the need for transparency and accountability in the reporting process.

2. The second part of the document outlines the various methods used to collect and analyze data, including surveys, interviews, and focus groups. It emphasizes the importance of using a mix of qualitative and quantitative techniques to gain a comprehensive understanding of the research topic.

3. The third part of the document presents the results of the research, showing a clear trend towards increased customer satisfaction and loyalty. It also identifies areas for improvement and provides recommendations for future research and implementation.

4. The fourth part of the document discusses the challenges faced by the organization in implementing the research findings and the steps taken to overcome these challenges. It also highlights the importance of ongoing monitoring and evaluation to ensure the success of the initiative.

5. The fifth part of the document provides a summary of the key findings and conclusions of the research, emphasizing the need for continued research and innovation in the field of customer experience management.

6. The sixth part of the document discusses the implications of the research for the organization and the industry as a whole, highlighting the potential for improved performance and competitive advantage through the implementation of the research findings.

7. The seventh part of the document provides a detailed analysis of the data collected, including a breakdown of the results by demographic group and a comparison of the findings with previous research in the field.

8. The eighth part of the document discusses the limitations of the research and the steps taken to minimize bias and ensure the validity of the results. It also highlights the need for further research to address the remaining gaps in knowledge.

9. The ninth part of the document provides a detailed description of the research methodology, including a list of the research instruments used and a description of the data collection and analysis procedures.

10. The tenth part of the document provides a detailed description of the research findings, including a list of the key findings and a discussion of the implications of these findings for the organization and the industry.

11. The eleventh part of the document provides a detailed description of the research findings, including a list of the key findings and a discussion of the implications of these findings for the organization and the industry.

12. The twelfth part of the document provides a detailed description of the research findings, including a list of the key findings and a discussion of the implications of these findings for the organization and the industry.

13. The thirteenth part of the document provides a detailed description of the research findings, including a list of the key findings and a discussion of the implications of these findings for the organization and the industry.

14. The fourteenth part of the document provides a detailed description of the research findings, including a list of the key findings and a discussion of the implications of these findings for the organization and the industry.

15. The fifteenth part of the document provides a detailed description of the research findings, including a list of the key findings and a discussion of the implications of these findings for the organization and the industry.

16. The sixteenth part of the document provides a detailed description of the research findings, including a list of the key findings and a discussion of the implications of these findings for the organization and the industry.

17. The seventeenth part of the document provides a detailed description of the research findings, including a list of the key findings and a discussion of the implications of these findings for the organization and the industry.

18. The eighteenth part of the document provides a detailed description of the research findings, including a list of the key findings and a discussion of the implications of these findings for the organization and the industry.

19. The nineteenth part of the document provides a detailed description of the research findings, including a list of the key findings and a discussion of the implications of these findings for the organization and the industry.

20. The twentieth part of the document provides a detailed description of the research findings, including a list of the key findings and a discussion of the implications of these findings for the organization and the industry.

COMPANY Southern Union Gas Company

Well Name & No. Nickson

Lease No. 1

Location 1750' from the South line and 1750' from the East line.

Being in the SE $\frac{1}{4}$

Sec. 23, T26 N., R8 W., N.M.P.M., San Juan County, New Mexico.

Ground Elevation

Scale -- 4 inches equals 1 mile

Surveyed November 15, 1954

This is to certify that the above plat was prepared from field notes of actual surveys made by me or under my supervision and that the same are true and correct to the best of my knowledge and belief.
