Dear Gib

We are correcting the acreage dedication plat for your Nickson #16 well, located in the southeast of Section 35, Township 26 North, Range 8 West, from 320 acres to 291.93 acres. This is the amount shown on the GLO Dependent Resurvey Plat dated June 1, 1959. We are now using dependent resurvey acreage for new wells drilled.

Yours very truly,

Emery C. Arnold
Supervisor, District #3
