INSTRUCTIONS

This form is to be filed with the appropriate District Office of the Comancha, not later than 20 days after the completion of any newly-drilled or deepened well. It must be accompanied by one copy of all described or lithologically logged on the well and a summary of all reported formation thicknesses, including well stem tests. All depths reported shall be measured in feet. In the case of previously drilled wells, the vertical depth shall not be reported. For multiple completions, from 10 through 34 shall be reported for each zone. The form is to be filed in triplicate except on the land where exceptions are required. See Rule 114b.
