13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

It is requested this well be approved for long term shut-in status for the following reasons:

1. The well is currently unable to buck line pressure.
2. The well is unable to produce in paying quantities under existing market conditions.
3. This well will be used to produce when markets improve.
