## 13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Operator does not plan to recomplete in the Fruitland Coal at this time. The Pictured Cliffs has been swab tested and appears capable of marginal production. Request long-term shut-in of this well while we continue pursuit of a market for this gas.
