13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Intend to return to production by 7/24/98. This time is needed as it appears that the well may have to be pumped. We will be unable to install artificial lift equipment by May 1, 1998.
