17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

We are unable to set pipe for a completion attempt because of junk left in the hole. We propose to abandon as follows:

1. Will place 215 ft. plug from top of junk to surface.  
(Bottom Ojo Alamo 140 ft.)
2. Will cut off casing 3 feet below ground level and reclaim surface per B.L.M. specifications.

18. I hereby certify that the foregoing is true and correct
