Dear Mr. Sentz:

The referenced wells in the WAW Fruitland-Pictured Cliffs Pool were spud January 19, 1978 and January 28, 1978, respectively.

Rule 202 requires a permit for Temporary Abandonment of wells for periods longer than six months.

If these wells were drilled to the target zones in normal sequences the miscellaneous drilling and completion reports are now delinquent.

Please advise us of the status of these wells and file all reports now due including one copy of each wire line log.

Yours very truly,

A. R. Kendrick
District Supervisor
