17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS. Clearly state all pertinent details and give pertinent dates, including estimated date of starting and proposed work. If well is directionally drilled, give subsurface locations and bearings and true vertical depths for all markers and zones pertinent to this work.*
(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

Due to improved market conditions, the subject well has been producing economically since February 18, 1989. As a result, Texaco's original intent to plug the Federal 24 #1 has been revised. Texaco Inc. intends to produce the Federal 24 #1 as long as economical production is present. Currently the well is producing 1 BWPD and 17 MCFGPD.
