# MERRION & BAYLESS

Southland #2 Section 3, T26N, R13W San Juan County, New Mexico

25' Poerve Latina Lu decp 8. x 12. x 4. deep

NO LOCATION LEVELING WORK DONE - DRIVE-IN TRUCK RIG USED.

### SURFACE USE AND OPERATIONS PLAN

### MERRION & BAYLESS Southland #2 Section 3, T26N, R13W

- 1 & 2. A topographical map is attached showing location of drillsite and access roads to location; new roads are color coded on the location map. The terrain is relatively flat and no improvements are planned on existing roads. A drive in truck mounted drilling rig will be used and will be driven in to the location with our road work. Our planned access road will be twelve feet in width, and will follow the existing terrain. No turnouts, culverts or cuts and fills are anticipated on the proposed access. In addition, natural drainage and surfacing material will be used.
  - 3. Wells within one mile radius are shown on the topographical map.
  - Existing facilities owned or controlled by the Operator and shown on the attached map are as follows: Wellheads
    - No new facilities are contemplated. B.
    - Disturbed areas will be reseeded per BLM specifications. C.
  - Water will be hauled from the San Juan River.
    - Truck will haul water on proposed access route shown.
  - No construction materials will be used.
  - 7. Methods of disposal of waste materials:

    - Cuttings will be buried in drilling pit.
      Drilling fluids will be buried in drilling pit. В.
    - No produced fluids are anticipated.
    - Sewage will be buried.
    - Garbage and otherwaste material will be buried.
    - Operator will clean up, fill, and level pits and reseed location per BLM specifications.
  - No ancillary facilities.
  - Wellsite layout attached. 9.
  - Restoration of drillsite pits will be filled and leveled and reseeded per 10. BLM specifications immediately after completion.
  - Other information: The lease is on Navajo Tribal surface land. The drillsite 11. is fairly level, arid land with very little vegetation. There is no other surface use or facilities existent. An archeological survey statement will be furnished.
  - (505) 325-5093 12. Operator representative: Robert L. Bayless P.O. Box 1541 Farmington, NM 87401

### Certification:

I hereby certify that I, or persons under my direct supervision, have inspected the proposed drillsite and access route; that I am familiar with the conditions which presently exist; that the statements made in this plan are, to the best of my knowledge, true and correct; and, that the work associated with the operations proposed herein will be performed by Merrion & Bayless and its contractors and subcontractors in conformity with this plan and the terms and conditions under which it is approved.

STEVEN S.

Engineer

Merrion & Bayless
