Dear Mr. Ramey:

This is a request for administrative approval for an unorthodox gas well location in the South Blanco Pictured Cliffs pool.

It is intended to locate the El Paso Natural Gas Company's Schultz #2R at 2150' from the North line and 930' from the West line of Section 16, T-27-N, R-8-W, San Juan County, New Mexico.

Extremely rough terrain consisting of a high bluff makes it impossible to build a location site any farther north.

All operators of proration units offsetting the proposed unorthodox location have been notified of this application by certified mail.

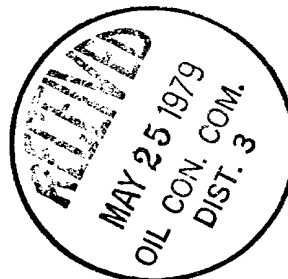

Plats showing the proposed well location and the terrain of Section 16 along with an ownership plat are attached.

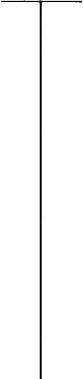

Yours truly,

L. A. Aimes
