In response to the attached BLM request of May 10, 1988, the subject well has been submitted to our District office for plugging and abandonment approval. Final approval has been delayed due to the need for co-owner approval and the fact that the 13-26-13 #4 is the last well on the lease. Texaco intends to plug the subject well once proper approvals have been obtained. It is anticipated that approvals will be obtained and the well plugged in the 1988 calendar year.

Your cooperation in this matter is appreciated.
